

## Daytime Session 4 Swim Lessons

Our Session 4 Swim Lesson offering times have changed! With the COVID-19 Pandemic, we have had to make changes to the way in which we offer swim lessons. Changes include ensuring 6 feet of physical distancing between patrons both in and out of the water, no hands-on assists by instructors during classes, and a reduced capacity of classes and total number of patrons in the facility at one time. As a result, our lesson offering times have changed, class sizes have been reduced, and all **Level 1, 1P, 2, 2P and Parent/tot classes will require one person (from the same household) age 16+ to be in the water with the participant for all classes.**

### Additional guidelines for swimming lessons include:

- Masks are recommended to be worn by all persons when out of the pool water.
- Arrive as close as possible to when activity begins.
- Come dressed ready to swim. Swimmers should rinse off in the shower and head straight to the pool area. Locker rooms can be used to go to the restroom, cannot store belongings.
- Maintain physical distancing of 6 feet both in and out of the water.
- There is no pool furniture. Seating will be available in the grass and spectators must social distance. The concrete deck apron will be limited to staff only.
- Exit promptly when class is finished. Exit will be out the side fence only and participants are not to reenter the bathhouse to shower or change.
- The sand play area, playground and concession stand are all closed.
